

The Australian National University
College of Engineering and Computer Science
Final Examination, Second Semester 2020

ENGN6528 Computer Vision

Question Booklet

Reading time: 15 minutes

Writing time: 3 hours

Uploading time: 15 minutes

Instructions on next page

Allotted Time

You have 3 hours to complete the exam plus 15 minutes of reading time. Additional 15 minutes has been allowed to accommodate the additional task of uploading your completed exam to the final exam Turnitin submission portal on the ENGN6528 Wattle site. Thus you have 3 hours and 30 minutes to complete the exam. NO late exams will be accepted. You may begin the exam as soon as you download it.

Minimal requirements

You may attempt all questions.

You SHOULD NOT include an assignment cover sheet.

You must type your ANU student identification number at the top of the first page of your submission.

You must monitor your own time (i.e. there is no invigilator to tell you how many minutes are left).

Your answers must be clear enough that another person can read, understand and mark your answer. 11 or 12 point font with 1.5 spacing is preferred. Scanned images of handwritten equations or diagrams must be legible and of a suitable size.

Numbering questions

- You must specify the question number you are answering at the top of the page.
- Each question should begin on a new page.
- Multi-part questions (e.g. question 1 parts a and b) may be addressed on the same page but should be clearly labelled (e.g. 1a, 1b).
- Questions should be answered in order.

You must upload your completed answers **in a single document file** within the allotted time using a compatible file type for Turnitin (Preference: MS Word .doc or .docx format) **It is the student's responsibility to check that the file has uploaded correctly in Turnitin. No late exams will be accepted.**

Academic integrity

Students are reminded of the declaration that they agree to when submitting this exam paper via Turnitin. I declare that this work:

- upholds the principles of academic integrity as defined in the [Academic Misconduct Rules](#);
- is original, except where collaboration (for example group work) has been authorised in writing by the course convener in the course outline and/or Wattle site;
- is produced for the purposes of this assessment task and has not been submitted for assessment in any other context, except where authorised in writing by the course convener;
- gives appropriate acknowledgement of the ideas, scholarship and intellectual property of others insofar as these have been used;
- in no part involves copying, cheating, collusion, fabrication, plagiarism or recycling.

Exam Instructions for ENGN6528 End of Semester Exam S2 2020

The exam will be a timed exam. It will be released from the ENGN6528 Wattle site at the exam time and will be uploaded at the completion of this time via Turnitin. Student access to the Turnitin practise site can be found here: <https://www.anu.edu.au/students/academic-skills/academic-integrity/turnitin>

Please note that for Turnitin you must submit at least 20 characters of text We will not be using Proctorio for the exam. This will not be a Wattle exam.

The following are requirements for formatting of your submitted exam:

- Do not submit an assignment cover sheet
- The question number should be clearly written at the top of each page
- Each question should begin on a new page
- Multi-part questions (e.g. question 1 parts a and b) may be addressed on the same page but should be clearly labelled (e.g. 1a, 1b)
- You must type your ANU student identification number at the top of the first page of your submission
- You can include scanned images of equations and diagrams in your exam answer report and textual answers should be typed.

If you need to make use of diagrams you can include scanned images of handwritten diagrams and equations with your exam. There are several tools that can be used for this but ANU recommends Microsoft Lens due to its easy integration with Student Microsoft accounts (OneDrive). CLT has produced instructions on how to use this (see the attached guide).

Please note that there will be different versions of the exam distributed to different students.

If you have concerns regarding typing your answers using a computer, you should contact the course convener at your earliest convenience.

Zoom link during the exam:

Topic: ENGN6528 Final Exam

Time: Nov 14, 2020 09:15 AM Canberra, Melbourne, Sydney
